

MES800

"The surface grinding specialists"

The Impressive Diamond Floor Grinder / Polisher

MES-800

Applications:

- * Preparation and Renovation of Concrete Floors
- * Removal of Epoxy and Paint
- * Polishing Concrete, Stone and Terrazzo
- * Floor Leveling
- * Exposing Aggregates
- * Wet and Dry Diamond Grinding

Special Features

- * Compact Robust Steel Design with Unique Planetary Grinding System
- * Triple Headed MES-800 Grinder / Polisher has a Wide Range of Diamond Tools Available

Hydraulically Controlled Adjustable Handle / Control Panel

Equipment Specifications:

- * Working Width: 32"
- * Weight: 880 lbs.
- * 440V Variable Speed Motor

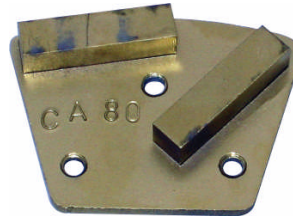

2 - 25ltr. Water Tanks for Wet Grinding

Latta Equipment • 330 E. Hebron St Ste J • Charlotte, NC • 28273

MES-800 Diamond Segments

AT-00-1 (7/8 and 16/18 grit)
Metal bonded diamond tool with two grinding segments.

AT-CA-80 (80 grit)
Polishing of concrete surfaces.

AT-CA-6 (6 grit)
Removing and grinding of coatings and paints. Excellent surface preparation for paint applications

AT-CA-150 (150 grit)
For polishing surfaces. For dry application on concrete.

AT-CA-16 (16 grit)
Removing coatings of 20 mils and less. Leveling and fine grinding after shot blasting. Leaving behind a smooth surface.

AT-PCM-9R/9L
For removing coatings. After the aggressive removal fine grinding bits smooth the surface.

AT-CA-40 (40 grit)
A segment to start concrete polishing. Also fine grinding

AT-CA-PCM-8R/8L
2 PCM segments for very aggressive grinding. Removal of heavy coatings and adhesives.

**Resin Pads up to
3000 Grit
also available!**
